Self-Regulatory Organizations; Fixed Income Clearing Corporation; Notice of Filing of Proposed Rule Change to Make the U.S. Department of the Treasury's Floating Rate Notes Eligible for Netting Service and GCF Repo® at FICC's Government Securities Division

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on October 28, 2013, the Fixed Income Clearing Corporation ("FICC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by FICC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The purpose of this rule filing is to make the U.S. Treasury Department's floating rate notes eligible for the netting service and GCF Repo® service at the Government Securities Division ("GSD").

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FICC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

FICC has prepared summaries, set forth in sections (A), (B) and (C) below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(i) The purpose of this rule filing is to make the U.S. Treasury Department's floating rate notes eligible for the netting service and GCF Repo® service at the GSD.

Last year, the U.S. Department of the Treasury (the "Treasury Department") announced its plan to issue Treasury notes with a floating rate coupon (the "Floating Rate Notes").

During the May 1, 2013 Refunding Meeting, the Treasury Department stated that it plans to develop a Floating Rate Notes securities program to complement the existing suite of securities it issues and to support its broader debt management objective. The Floating Rate Notes will be the first added U.S. Treasury debt security since the Treasury Inflation-Protected Securities, known as TIPS, were introduced in 1997. The Treasury Department anticipates that the first auction will occur in January 2014.³

From a trading perspective and to ensure that the introduction of the Floating Rate Notes does not result in any increased clearance and settlement risk to the marketplace, FICC believes that these securities should be eligible for comparison, netting, and settlement by GSD. With this in mind, GSD is planning to make Floating Rate Notes eligible for its netting service starting with the January 2014 auction of the two-year Floating Rate Notes (other maturities will be issued later).

³ See Press Release, U.S. Department of the Treasury *August 2013 Quarterly Refunding Statement of Assistant Secretary Rutherford* (July 31, 2013), available at www.treasury.gov.

With respect to the GCF Repo® service, Floating Rate Notes will be included in GSD’s existing Treasury Generic CUSIP Numbers.⁴ The inclusion of Floating Rate Notes in the GCF Repo® service necessitates a change to the GSD Rulebook in connection with the collateral allocation provisions which are covered in GSD Rule 20 Section 3. Because of their adjustable coupon, Floating Rate Notes will not be eligible for collateral allocation obligations or substitutions with respect to the GCF Repo Generic CUSIPs representing Treasury inflation-protected securities (“TIPS”), separate trading of registered interest and principal securities (“STRIPS”), or fixed-rate mortgage-backed securities issued by Federal National Mortgage Association (“Fannie Mae”), Federal Home Loan Mortgage Corporation (“Freddie Mac”) and Government National Mortgage Association (“Ginnie Mae”). As a result, GSD Rule 20 Section 3 has been revised to reflect this change.

In order for GSD to process Floating Rate Notes, various enhancements to FICC’s systems and member output have been made in the following areas:

- Creation and maintenance of a historical database of reference indices. This data is necessary for determining coupon, which is used in valuing positions for settlement purposes and for forward margin and clearing fund calculations.
- Modification of the security database in order for it to work in conjunction with the floating rate, reset date, reset rate basis and spread.
- Modifications to member output formats for both messaging and end of day machine readable output in order to accommodate the additional fields.

⁴ Pursuant to the GSD Rules, the term “Generic CUSIP Number” means a Committee on Uniform Securities Identification Procedures identifying number established for a category of securities, as opposed to a specific security. The Corporation shall use separate Generic CUSIP Numbers for General Collateral Repo Transactions and GCF Repo Transactions. GSD Rulebook, Definitions.

GSD will test with its membership before the launch of the Floating Rate Notes. This will ensure that members can properly submit and receive transaction data in connection with the Floating Rate Notes. GSD has provided information to member firms about GSD's proposed processing of the Floating Rate Notes and will continue to do so prior to allowing Floating Rate Notes eligible for processing.⁵

(ii) The proposed rule changes are consistent with the requirements of Section 17A(b)(3)(F) of the Act and the rules and regulations thereunder, because the processing of Floating Rate Notes allows GSD to provide its beneficial clearance and settlement services to a new set of Government securities transactions in which the GSD members will be engaged. This expansion facilitates the prompt and accurate clearance and settlement of securities transaction and assures the safeguarding of securities and funds which are in the custody or control of FICC or for which it is responsible.

B. Self-Regulatory Organization's Statement on Burden on Competition

FICC does not believe that the proposed rule change will have any negative impact, or impose any burden, on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments relating to the proposed rule changes have not yet been solicited or received. FICC will notify the Commission of any written comments received by FICC.

(a) Not applicable.
